TELEPHONES.
Business Office 411
Society Editor 14

First Morning Newspaper in the
Amarillo Country. Covers the Pan-
handle of Texas, Eastern New Mex-
ico, Southern Colorado and Western
Oklahoma from twelve to twenty-four
hours in advance of Denver, Dallas,
Fort Worth, Oklahoma City and other
papers carrying telegraphic dis-
patches.

Entered as second-class matter at
the postoffice at Amarillo, Texas
under the act of March 3, 1879.

TOP OF THE MORNING.

The esteemed El Paso Times
prints it, "Dr. Fraud A. Cook." Let
it go at that.

Doc Wiley asserts that this coun-
try consumes "more soap per head"
than any other. Shampoo?

Norman Mack may look consider-
ably to the good with his mustachios
removed, but he's not in the beauty
class of a certain Connie of the same
name.

Dr. Sun Yat Sen is being charac-
terized as the "George Washington
of China." But unlike George, he's
allowing the other fellows to do the
fighting.

The San Antonio paper which
made much ado over the nocturnal
operations of a burglar in petticoats
failed to mention any names, and
by so doing casts suspicion on every
good housewife of the city.

LUBBOCK COUNTY IRRIGATION.

The latest instance of the con-
stantly being added to well pumpage
irrigation of Lubbock county is the
McMillan well near the city of Lub-
bock itself. This well will have a
flow of from 1,250 to 1,500 gallons
per minute, and will irrigate at least
200 acres of land.

It will be put down by B. O. Mc-
Whorter of Lubbock, who has just
closed a contract for a \$2,500 Jack-
son pitless pumpage plant with the
Walter Tipples machine company of
Austin, Texas, the well sinking work
itself to begin at once.

Mr. McMillan is a Chicago capital-
ist who has purchased five sections
of land near Lubbock and will im-
prove the entire tract with half a
dozen other smaller well pumpage
plants. The News has ever strongly
and sedulously urged editorially
pumpage plant irrigation in the Pan-
handle and cordially congratulates
Lubbock county on the great progress
she is making in this great agricul-
tural direction.

"GENUINE IMPORTED."

From the New York World.

This is the season when merchants
in America are advertising those
classy-cut clothes from Mayfair, High
Holborn haberdashery. Piccadilly
hats and other products of the auc-
torial art of the tight little island,
along with foreign bolt goods to be
made up.

Strange coincidence: This is also
the season when Rochester ready-
made suits, Troy collars, New York
ties and Massachusetts shoes are ex-
tensively advertised and widely sold
in England. We seem to be export-
ing manufactured clothing at the
rate of \$6,000,000 or more a year,
and of boots and shoes to Great Brit-
ain alone more than \$1,500,000 a
year. To a less extent the same is
true of Paris. We display her goods,
she boasts of selling ours.

"Genuine imported" is a phrase to
appeal. Perhaps a salt water voy-
age improves clothing as it used to
ripen Madeira wine. At any rate,
after the fussy youth of London have
put on our clothes and the fussy
youth of New York have put on
theirs, paying freight and tariff for
the privilege, both parties to the ex-
change set out of a sunny afternoon
in serene satisfaction with wearing
something just a little different.

The News is in receipt of the in-
itial issue of the Glazier Review,
published and edited by Miss Ida M.
Farrell. The debut number of the
Review is highly creditable, and gives
every promise of accomplishing great
things for the Glazier county. The
News wishes The Review all success.

PECOS PRESENTS SCENES
RECALLING EARLIER DAYS.

Pecos, Tex., Oct. 25.—Of recent
days this place has had the aspect of
an old time cow town. Great activity
has been shown in the cattle market,
several thousand head having been
shipped in the last few days. Cattle
are being brought in from Reeves
and Culberson counties in large num-
bers and on the average are in ex-
cellent condition. Prices are higher
than have obtained for years and cat-
tlemen are well pleased with the sit-
uation. The outlook for a continued
rise in prices is promising and men
from the plains report the cattle fat-
tening nicely.

Fifteen hundred head of cattle
were recently shipped from here to
the pastures of Medley and McLe-
land, near Clarendon.

TEXAS INDUSTRIAL NOTES.

\$142,000 on bonds have been sold
for completion of a 25-foot channel
from Orange to the Gulf.

The present forest area of Texas
is about 30,000,000 acres and the es-
timated merchantable timber is
about 27,000,000.

The estimated true wealth of Texas
increased from \$2,322,200,000 in
1900 to \$2,680,000,000 in 1910.

An interurban line is being sur-
veyed from Greenville to Sherman
and work will begin in the near fu-
ture.

About \$55,000 is being spent in
erecting and paving San Angelo's

POLITICS AND
POLITICIANS

Republicans of Rhode Island have
nominated Governor Aram J. Pothier
for a third term.

The Republican primary in West
Virginia next June will be the first
ever held in that State for the nomi-
nation of State officers.

Charles W. Fairbanks, former Vice
President of the United States, is
mentioned for the Republican nomi-
nation for governor of Indiana.

Loomis S. Cull has resigned his
position as register of the land office
at Rapid City and make the race for
the Republican nomination for gov-
ernor of South Dakota.

Friends of Roger C. Sullivan, De-
mocratic national committeeman for
Illinois, understand that he intends
to retire from national politics after
the campaign next year, regardless
of whether or not he is victorious
over the Harrison-Hearst faction.

John J. Hopper, who ran for gov-
ernor of New York on the Indepen-
dence League ticket a year ago, is
now a candidate for sheriff of New
York County on the anti-Tammany
ticket endorsed by the Republicans,
the Independence League and other
so-called independent organiza-
tions.

Already there is a movement in
national political circles to have the
main headquarters of the Republican
and Democratic national executive
committees in Chicago during the
presidential campaign of next year.
This was the case in 1896 and 1900
and partly so in 1908.

The speechmaking tour soon to be
undertaken by Senator La Follette
in furtherance of his presidential as-
pirations will last six or eight weeks
and will embrace the Dakotas, Min-
nesota, Iowa, Kansas, Nebraska, Mis-
souri, Oklahoma, Illinois, Indiana,
Michigan, Mississippi and probably
Ohio.

Senator Jonathan Bourne, Jr., of
Oregon, apostle of direct primaries
and president of the National Repub-
lican Progressive League wants the
National Republican Committee,
when it issues a call for the national
convention, to recommend the hold-
ing of presidential preference pri-
maries in every state of the Union.

The People's Rule League of
America, alarmed over the possible
outcome of the suit pending in the
Supreme Court of the United States
attacking the constitutionality of the
initiative and referendum, is appeal-
ing to the attorneys general of all
states directly interested to prepare
briefs in support of the validity of
this theory of government.

The residents of Riverside City, an
incorporated suburb of Muncie, Ind.,
have decided to bar politics from
municipal affairs, and at their town
election next month there will be but
one ticket in the field. Though the
Republicans are in the majority and
could control all of the town offices,
they generously divide the nomina-
tions with the Democrats in about
equal proportion.

Fischer is 65 and his bride 28 years
old.

nual conference of the Illinois or-
ganization of the Daughters of the
American Revolution began a two
days' session at the Blackstone Hotel
today. One hundred and fifty dele-
gates from the State were in attendance.

President Taft arrives in Green Bay
early tomorrow morning he will be

Stephenson and a number of other
prominent public men of Wisconsin.

pany the President on his two days'
